Dear Dr. McFee:

Thank you for your correspondence of December 11, 2016, requesting a meeting with Fisheries and Oceans Canada (DFO) staff responsible for the Trans Mountain Expansion Pipeline Project. I regret the delay in responding.

Your request for clarification regarding recommendations made by the National Energy Board (NEB) to Kinder Morgan is best addressed by the NEB, which is responsible for its Recommendation Report to the Governor-in-Council and for the conditions outlined therein. The NEB has made and will enforce the recommendations; hence DFO is unable to provide clarifications on them.

I am sharing your correspondence with my colleague, the Honourable James Gordon Carr, Minister of Natural Resources, for his consideration as Minister responsible for the NEB.

Thank you for writing.

Yours sincerely,
